NSCI’S VIRTUAL CLASSROOM TRAINING PROGRAM ON ELECTRICAL SAFETY (through Webinar) - NESW 2020

PERSPECTIVE:
Today electricity has become the backbone of development. It is one of the essentials required to sustain modern society life. Electricity, though a good servant, may prove to be hazardous if due care is not exercised in its use. Although utmost safety is observed while manufacturing of electrical equipment, any error in installation, improper maintenance and ignorance of the safety precautions during their use may lead to an accident. With an increase in reported injuries and deaths associated with use of electricity, electrical safety is becoming a more prominent health and safety topic in industry.

The National Safety Council is organising this VIRTUAL CLASSROOM TRAINING PROGRAM on various topics of “Electrical Safety” to enable participants for preventing/controlling the electrical hazards at the workplace.

OBJECTIVE:
This online Training Programmes will enlighten the participants on the key elements of Electrical safety / Legal requirement w.r.to Electrical safety / electrical hazards and implementation of control measures.

Options for Topic:
- **Topic 1:** Statutory Requirements for Electrical safety.
- **Topic 2:** Earthing System - Relevant Standards & Code of Practices
- **Topic 3:** Hazardous Area Classification and Electrical Equipment.
- **Topic 4:** First-aid, Artificial Respiration for Electrical Shock and CPR.

Duration: Around 2 hours video based virtual class room training program.

Program Fee: (Advance Payment)
Rs. 20,000/- including GST per organisation for each topic (Limited to 20 Participants).
Rs. 30,000/- including GST per organisation for each topic (Limited to 30 Participants - If no. of participants exceeds 30 extra fees Rs. 1000/- per participant will be charged accordingly).

Training Methodology:
This program will be conducted in 2 hours video-based session.

Who Shall Attend: Safety Managers HSE professionals, Electrical Safety Officer, Supervisors, Electrical Engineers, Operation & Maintenance Engineers, Electrical Contractors of the industry and Employees of Generation, Transmission & Distribution utilities etc.
